MEMORANDUM FOR: Julian

25 April 1986

[ ] has asked that the NIC give him one name<sup>25X1</sup> of a person to whom SDI-related items, chores, tasking, etc., would come. I have given him [ ] name<sup>25X1</sup>. This would mean not that Barry and you take on all those chores, but simply that Barry then ensure that in each case Graham and I and the appropriate NIOs be informed, get duplicate copies, etc. There probably will also be cases where Barry and you might wish to recommend to me who in the NIC should be given action in particular cases. Thanks to you both for volunteering.
